Corrections Explained:

The original application was filed as unpublished. A publication date has been added. The publication date is after March 1, 1989 and the original deposit material requirements are the same because the work was originally published online in machine-readable form only. Limitations have been added to identify that individual elements of the composition and arrangement have been previously published as parts of other works, but the combination of these elements in the work being registered is new and original. The Florida address is an old address that the owner has moved from.
